NEW AUTO LAWS

PUBLISHED AT REQUEST OF NODAWAY COUNTY CAR OWNERS.

ONE RELATES TO LIGHTS

The Other to the Use of Cut-Outs and Mufflers on All of Motor Vehicles.

In response to numerous requests that the latest automobile laws relating to head lights and cut-outs be published for the information of Nodaway county citizens, William G. Sawyers has prepared the following copies of the laws, which will not be effective however, until January 31, 1918.

Law relating to vehicles carrying lights—Every motor vehicle while on public highways in operation or otherwise, during the period from a half hour after sunset to a half hour before sunrise, and at all times when fog or other atmospheric conditions render the operation af vehicles dangerous to traffic on and use of the highway, shall carry, at the front, at least two lighted lamps not exceeding thirty-six candle power each (except that motorcycles shall carry one lighted lamp), showing white lights, visible under normal atmospheric conditions, at least 500 feet in the direction toward which said motor vehicle is facing, which lamp shall produce sufficient light to reveal objects 150 feet ahead, and shall be adjusted and directed so that, on level ground, the main shaft of clear condensed light, shall be projected straight forward, and no portion of it shall be above the level of the lamp nor more than forty-two inches above the ground. Such adjustment and direction shall be permanently maintained.

Electric headlights shall, in addition, have the entire inside surface of their door glasses etched or ground to such a degree or be so formed that the lighted filament shall appear blurred and indistinctly defined, and that the light emitted shall be diffused and free from scintillation and brilliant or metallic lustre.

Law Concerning Mufflers, Cut-Outs.

Muffler, cut-outs shall not be used, and no vehicle shall be driven in such a manner or condition that excessive or unnecessary noises shall be made by its engine, machinery, horn or other parts, or by any improperly loaded cargo. Engines of all motor vehicles shall be fitted with properly attached mufflers of such capacity and construction as to quiet the maximum possible exhaust noise as completely as is done in the modern gasoline pleasure automobiles. Any cut-out or opening in the exhaust pipe between the engine and the muffler on any motor vehicle shall be completely closed and disconnected from its operating lever, and should be so arranged that it cannot automatically open or be opened or operated while said vehicle is in motion.

WARNS AGAINST TOOL AGENT

Commercial Club Receives Word That Reasonably Priced Tools Sold by Traveler Poor Quality.

The Commerical club wishes to issue a warning to farmers and other tool buyers regarding the advent of a salesman who is traveling through the country selling tools at what appear to be reasonable prices, but which are of inferior quality.

Advice concerning his appearance in Nodaway county is given by a citizen, who says that merchants may not only profit by his appearance but may also help the farmers to avoid putting their money out for the tools.

The letter to the Commercial club reads in part:

"I looked up the prices of similar tools of the same quality and I am surprised that the man had gall enough to ask the price he did for them.

"He promises delivery in nine weeks, and does not require a farmer to sign any paper but allows him to take a copy of the order on which he agrees to receive the tools if the goods are like samples.

"He compares his samples with Montgomery-Ward's steel vises, but doesn't mention the difference in quality between his wares and those of the local merchants.

"Much good can be accomplished if hardware dealers are prepared for this agent."

TO GO INTO OIL BUSINESS

George M. Kemp, Who Resigned as Teller in Farmers Trust Company Will Probably Locate in Iowa.

George M. Kemp, a teller for the Farmers Trust company, has resigned his position in the bank, and will leave Maryville, August 15, to start in business for himself, probably in Iowa. His resignation takes effect August 1

Mr. Kemp, who took Nick Sturm's place as teller some months ago, has been in the employ of the company for six years, but has decided to quit the banking business and to go into the oil business. He has not definitely determined upon his location yet but will probably move with his family to Iowa.

John Airy will take Mr. Kemp's place as teller, and Mr. Airy's place will be filled by Francis Barmann.

IS HERE AFTER 15 YEARS

M. W. Swearingen, of Mohall, S. D., Formerly of Salem Neighborhood, Visits Relatives and Friends.

After an absence of fifteen years, M. W. Swearingen of Mohall, S. D., came back to Maryville this week to visit his cousins, Mr. and Mrs. W. T. Key and William Collins and family.

Mr. Swearingen is a former resident of the Salem church neighborhood, 10 miles south of Maryville, and at one time owned a good farm in that district. He moved to South Dakota and again took up farming. He says that Maryville and vicinity have greatly changed since he left.

Before coming to Maryville Mr. Swearingen visited at Stanberry and Plattsburg, where he has relatives.

MILITARY PROGRAM

NORMAL PLAY FESTIVAL WILL SHOW SPIRIT OF THE TIMES.

WILL BE HELD JULY 18

Military Drill Squad and Red Cross Unit Will Be In Parade, Led by Local Band.

The military spirit of the times will be extensively carried out in the program for the Patriotic Play Festival, which will be held at the State Normal School Wednesday, July 18, 1917.

The grand march led by the Fourth Regiment band, and participated in by all of the students will start from the State Normal school to Chautauqua park at 2 o'clock in the afternoon. The military drill squad and the Red Cross unit, the two military organizations of the school will be conspicuous in the procession.

When the park has been reached, the students and faculty will take part in the Flag salute under the direction of "Uncle Sam" and "Liberty."

A conference of nations will follow, the United States, England, France, Russia and Italy being represented, and the National air of each country will be sung.

The song "America," sung by the faculty and the student body will be followed by an exhibition by the Military drill squad, under the direction of George Palfreyman, who has had the drilling in charge since the organization of the team. The Fourth Regiment band will then give a band concert, playing the national airs.

Games by the county clubs, a talk by President Ira Richardson, songs by the county clubs will close the program, after which supper will be served.

NORMAL COAL IN DANGER

Spontaneous Combustion in 200 Tons of Fuel Necessitates Quick Moving From the Storehouse.

Spontaneous combustion caused fire to break out this morning in the 200 tons of coal stored at the Normal school heating plant for winter use. It is supposed that the coal was put into the bins while damp and the heat of the last few days caused the combustion.

Fortunately the fire was discovered while still smouldering and the coal can be saved and danger of an explosion averted by removing the coal from the bins. A force of men will start on the work this afternoon.

TEA WAGON TURNS OVER

H. O. Smith Escapes With Slight Bruises in Accident, Northwest of Maryville.

H. O. Smith was slightly bruised and his companion, Leslie Woodward, escaped uninjured when the motor tea wagon driven by Mr. Smith turned over on the road between Maryville and Burlington Junction, about 9 o clock this morning.

The accident occurred four miles northwest of Maryville. The car skidded off the road and turned completely over. Fred Diss was called and brought the damaged car back to Maryville.

EACH STATE QUOTA

GEN. CROWDER ESTIMATES NUMBERS BASED ON REGISTRATION.

MISSOURI GIVES 18,660

New Estimates of Population of State Has Lessened Number of Soldiers in Our Quota.

Special to The Democrat-Forum.

Washington, July 13. — General Crowder has estimated the number of men that each state will furnish the national army, based upon registration with allowances for the number of men enlisted in the National Guard and the Regular army from each state. The notice of the quotas will be mailed to each governor.

Texas will furnish 30,545, Oklahoma 15,564, Missouri 18,660, Kansas 6,439.

State's Quota Reduced.

Jefferson City, July 13.—A new estimate of population for Missouri which will reduce materially the quota of troops which the state will furnish for the draft has been received by Adjutant General McCord from the War Department.

The War Department figures a total population for the state of 3,249,679, compared with 3,293,335 the number in the 1910 census. This is a reduction of 52,656 and means a decreased number to be drafted.

Missouri's complete registration is 301,529. The War Department soon will forward to the adjutant general Missouri's troop quota and when he gets this he will apportion among the various counties the number of troops each must furnish less the number they have already furnished to the various branches.

The adjutant general will have disinterested persons figure the percentages for each county upon which the number each county must furnish will be calculated.

JUDGE C. H. MAYER RESIGNS

Will Return to the Practice of Law in St. Joseph—Is Mentioned As A Candidate For Congress.

Judge Charles H. Mayer of St. Joseph announced yesterday his resignation from the circuit court bench of Buchanan county. Saturday will be his last day on the bench. He will then adjourn court for the term, and on his return from a fishing trip next month, will form a law partnership with Charles F. Strop.

Asked if he intended to become a candidate for congress, Judge Mayer said:

"I am quitting the bench to re-engage in the practice of law. It is no part of my plan now to run for any office, though of course, I wouldn't want to give a bond not to become a candidate. But it is with a sense of relief that I'm getting away from politics, and I hardly think I'll get back very soon."

The fact that Judge Mayer has arranged to form a law partnership is taken by his friends to mean conclusively that he will not become a candidate for any office.

CABINET RESIGNS

MEAGER NEWS FROM GERMANY CONFIRMS THIS REPORT.

AUSTRIA WANTS HOLLWEG

Kaiser Urges Hastening of Suffrage Reforms With Early Elections Under Them—Offers Chancellorship.

Special to The Democrat-Forum.

Washington, July 13.—Dispatches reaching the state department from Germany show the censorship is being rigidly enforced, but meager reports confirm the news that the entire cabinet has resigned, and the resignations are now in the hands of the Kaiser. The crown prince's participation in the conference is regarded as significant and means his desertion from the war party. The Kaiser now urges suffrage, and has sent a message to the president of the Prussian diet advocating the hastening of this reform so that early elections under them can be held.

Vital Day at Reichstag.

Amsterdam, July 13.—Tomorrow is the vital day of the present session of the Reichstag. Reports current in official circles are that the entire German cabinet will resign. A general debate upon the political situation, finances, foreign policy and peace will be held. The Liberals are threatening to introduce a resolution setting forth the peace terms of the entire liberal faction. The crown prince is taking a big part in the party conferences and was recalled from the west front to set in the crown council meeting.

Austrians Favor Hollweg.

The Hague, July 13.—According to the Lokal Anzeiger, of Berlin the Austrians are requesting that Von Bethmann Hollweg be retained as they have the utmost confidence in his ability.

Refuses The Chancellorship.

Amsterdam, July 13.—The chancellorship was offered to Count Von Hertling, the Bavarian premier, who refused the position, says a Berlin dispatch, pleading advanced age.

WHEN LOVE WAS BLIND

Leprosy—In—Court—Plaster Scare Survives in Maryville

That the leprosy-germ-in-court plaster scare has taken a firm hold on the minds of Maryville-ites is a fact that the following incident proves:

A saleswoman, who was traveling in the interests of the makers of a staple product, was in Maryville this week taking orders for the commodity, the deliveries to be made through local grocery stores.

She had sold an unusually large order to one Maryville housewife, and after taking leave of her customer she walked down the street.

She had proceeded but a few yards when she was hailed with shrill cries and violent gesticulations, and importuned to return to her customer's house.

"I'm so sorry, but I'll have to cancel that whole order," said the Maryville woman in an apologetic tone, "but I completely forgot about the warning not to buy anything from peddlers, and you may be a German spy."

"But I'm not," stammered the reputable saleswoman. "Surely the fact that you can get your order through your grocery store is evidence of my good faith."

"O, but really, I don't want the things," protested the matron. "perhaps there's poison in them—how do I know."

All efforts to convince the prospective buyer were to no avail, and reluctantly, her nice, fat order was crossed from the book of the saleswoman.

CABINET RESIGNS

MEAGER NEWS FROM GERMANY CONFIRMS THIS REPORT.

AUSTRIA WANTS HOLLWEG

Kaiser Urges Hastening of Suffrage Reforms With Early Elections Under Them—Offers Chancellorship.

Special to The Democrat-Forum.

Washington, July 13.—Dispatches reaching the state department from Germany show the censorship is being rigidly enforced, but meager reports confirm the news that the entire cabinet has resigned, and the resignations are now in the hands of the Kaiser. The crown prince's participation in the conference is regarded as significant and means his desertion from the war party. The Kaiser now urges suffrage, and has sent a message to the president of the Prussian diet advocating the hastening of this reform so that early elections under them can be held.

Vital Day at Reichstag.

Amsterdam, July 13.—Tomorrow is the vital day of the present session of the Reichstag. Reports current in official circles are that the entire German cabinet will resign. A general debate upon the political situation, finances, foreign policy and peace will be held. The Liberals are threatening to introduce a resolution setting forth the peace terms of the entire liberal faction. The crown prince is taking a big part in the party conferences and was recalled from the west front to set in the crown council meeting.

Austrians Favor Hollweg.

The Hague, July 13.—According to the Lokal Anzeiger, of Berlin the Austrians are requesting that Von Bethmann Hollweg be retained as they have the utmost confidence in his ability.

Refuses The Chancellorship.

Amsterdam, July 13.—The chancellorship was offered to Count Von Hertling, the Bavarian premier, who refused the position, says a Berlin dispatch, pleading advanced age.

RAIDS ON BRITISH FRONT.

Special to The Democrat-Forum.

London, July 13.—Intense raiding activity reported from the British front by the war office. The British raided twice successfully, and the Germans three times unsuccessful.

RUSSIANS EXTEND OFFENSIVE.

Special to The Democrat-Forum.

Petrograd, July 13.—The Russians swept forward, extending their offensive to new sectors, and occupied Krechovice on the railway line to Dolina, approaching the Svivcae river, where the Teutons are expected to make a strong stand.

BANDITS SHOOT PATROLMAN.

Special to The Democrat-Forum.

Chicago, July 13.—Patrolman Burke was shot and killed by five bandits who were attempting to rob the money car of the City Bank Trust company. The bandits escaped with a bag containing $100 in nickles.

WILL REVISE WAR AIMS.

Special to The Democrat-Forum.

Copenhagen, July 13.—England has given in to the Russian demands, and will ask for a conference shortly when the Entente allies will revise the war aims.

New Doctor at Pickering.

Dr. Wiley of Clearmont has moved his office fixtures to Pickering where he has made arrangements to take the practice of Dr. Heryford, who is moving to Sabetha, Kan.

Miss Betty Turner is in Skidmore today instructing a class in Surgical Dressings work.

WHEN LOVE WAS BLIND

Leprosy—In—Court—Plaster Scare Survives in Maryville

That the leprosy-germ-in-court plaster scare has taken a firm hold on the minds of Maryville-ites is a fact that the following incident proves:

A saleswoman, who was traveling in the interests of the makers of a staple product, was in Maryville this week taking orders for the commodity, the deliveries to be made through local grocery stores.

She had sold an unusually large order to one Maryville housewife, and after taking leave of her customer she walked down the street.

She had proceeded but a few yards when she was hailed with shrill cries and violent gesticulations, and importuned to return to her customer's house.

"I'm so sorry, but I'll have to cancel that whole order," said the Maryville woman in an apologetic tone, "but I completely forgot about the warning not to buy anything from peddlers, and you may be a German spy."

"But I'm not," stammered the reputable saleswoman. "Surely the fact that you can get your order through your grocery store is evidence of my good faith."

"O, but really, I don't want the things," protested the matron. "perhaps there's poison in them—how do I know."

All efforts to convince the prospective buyer were to no avail, and reluctantly, her nice, fat order was crossed from the book of the saleswoman.

LONGING FOR A CHILD

Young Wife Almost in Despair. Now has Beautiful Baby Girl.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. Lydia E. Pinkham's Vegetable Compound has brought joy to many childless women by restoring them to normal health. Here is a notable case.

Omaha, Neb.—"I suffered from female troubles when I was seventeen years old. At eighteen I was married and my trouble was no better so I consulted a physician who said that there was not much I could do and I could not have children. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has proved worth its weight in gold to me for I am not only well but have a baby girl, so when I hear of any woman suffering as I was I tell her of Lydia E. Pinkham's Vegetable Compound."—Mrs. W. HUGHES, 19 Majestic Apts., Omaha, Neb.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

LONGING FOR A CHILD

Young Wife Almost in Despair. Now has Beautiful Baby Girl.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. Lydia E. Pinkham's Vegetable Compound has brought joy to many childless women by restoring them to normal health. Here is a notable case.

Omaha, Neb.—"I suffered from female troubles when I was seventeen years old. At eighteen I was married and my trouble was no better so I consulted a physician who said that there was not much I could do and I could not have children. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has proved worth its weight in gold to me for I am not only well but have a baby girl, so when I hear of any woman suffering as I was I tell her of Lydia E. Pinkham's Vegetable Compound."—Mrs. W. HUGHES, 19 Majestic Apts., Omaha, Neb.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

SHEEP RAISING AS WAR CROP.

Missouri will do her bit, no doubt, in helping avert a wool and mutton famine by rallying to the Missouri State Fair in an effort to encourage sheep breeding in Missouri on a larger scale.

The Nation must have wool for soldiers' blankets, overcoats, socks, and uniforms. The civil population must have woolen clothing, too, and Europe can contribute no wool, as its own supply has shrunk 40 per cent since the war embroiled Europe. Sheep values in the United States have increased from $5.17 per head average Jan. 1, 1916, to $7.14 per head average Jan. 1, 1917. Wool is worth 50 cents a pound and rising in price. Not only are sheep men being encouraged to show their best animals for the $842 in cash prizes offered by the Missouri State Fair board, but they are also being encouraged to bring good breeding animals to the state fair to sell during the week of Sept. 22 to 29.

NORMAL NOTES
William Van Cleve.

The mid-summer basketball game, an annual affair at the Normal, was staged in the Normal gymnasium yesterday afternoon. The game resulted in a 23-29 victory for the "Insecticides," who accepted the challenge which the "Cockroaches" issued last Tuesday.

The game was a nip-and-tuck battle all the way. At the end of the first half the score stood 13-12 in favor of the "Cockroaches" but the "Insecticides" came back strong and finished on top by four points.

For the winners "Slats" Selecman, a Maryville High school product, and Fred Vandersloot, the "Flying Dutchman," well known to Maryville basketball fans, starred on the offensive, while Poe Ewing put up a great game at guard.

The play of the losers was featured by the sensational basket shooting and dribbling of Coach George Palfreyman, and by the "submarine" tactics of Obe Williams at guard.

The teams lined up as follows: "Cockroaches:" George Palfreyman and Fred Wagoner, forwards; John Waltman, center; Obe Williams and George Hubbard, guards.

"Insecticides:" Jack Bland, and Fred Vandersloot, forwards; Merle Selecman, center; Harold DeMoss and Poe Ewing, guards.

Field goals, Selecman 6, Palfreyman 5, Vandersloot 3, Wagoner 2, Waltman 2, Williams 1, Bland 1, DeMoss 1. Free throws: Palfreyman 1, Vandersloot 1.

* * *

The "Cockroaches" are so anxious for another chance at their conquerors that it has been decided to stage a benefit game for the first Normal student who is called by the draft. A small admission fee will be charged and the receipts turned over to the beneficiary.

COMMUNICATION

North Detroit, Mich., May 26, 1917.

Editor Democrat-Forum:

I will tell you something of the city in which I live.

Detroit is growing very rapidly, the limits were extended two miles on the north last fall and about two and one-half miles on the east and northeast this April, which makes the city, from east to west, along the Detroit river, about fifteen miles and from the river north to the limits about nine miles, with a population of, estimated 850,000.

It probably seems queer to be north of the river and Canada, but at this place the Detroit river is running west, but turns south again near the west limits.

All main roads out of Detroit are paved with concrete and are electric lighted.

At present there is considerable activity at Mt. Clemens, which is located about twenty miles to the northeast, as the Government has acquired extensive property there and are making preparations for an aviation training field. Detroit and Mt. Clemens are connected by two interurban lines. The Government activity there has caused an increase both in the price and rental of property.

In Detroit the building of homes is always rushed, but still unable to supply the demand.

Yours truly,

J. L. Bosch.

SHEEP RAISING AS WAR CROP.

Missouri will do her bit, no doubt, in helping avert a wool and mutton famine by rallying to the Missouri State Fair in an effort to encourage sheep breeding in Missouri on a larger scale.

The Nation must have wool for soldiers' blankets, overcoats, socks, and uniforms. The civil population must have woolen clothing, too, and Europe can contribute no wool, as its own supply has shrunk 40 per cent since the war embroiled Europe. Sheep values in the United States have increased from $5.17 per head average Jan. 1, 1916, to $7.14 per head average Jan. 1, 1917. Wool is worth 50 cents a pound and rising in price. Not only are sheep men being encouraged to show their best animals for the $842 in cash prizes offered by the Missouri State Fair board, but they are also being encouraged to bring good breeding animals to the state fair to sell during the week of Sept. 22 to 29.

NORMAL NOTES
William Van Cleve.

The mid-summer basketball game, an annual affair at the Normal, was staged in the Normal gymnasium yesterday afternoon. The game resulted in a 23-29 victory for the "Insecticides," who accepted the challenge which the "Cockroaches" issued last Tuesday.

The game was a nip-and-tuck battle all the way. At the end of the first half the score stood 13-12 in favor of the "Cockroaches" but the "Insecticides" came back strong and finished on top by four points.

For the winners "Slats" Selecman, a Maryville High school product, and Fred Vandersloot, the "Flying Dutchman," well known to Maryville basketball fans, starred on the offensive, while Poe Ewing put up a great game at guard.

The play of the losers was featured by the sensational basket shooting and dribbling of Coach George Palfreyman, and by the "submarine" tactics of Obe Williams at guard.

The teams lined up as follows: "Cockroaches:" George Palfreyman and Fred Wagoner, forwards; John Waitman, center; Obe Williams and George Hubbard, guards.

"Insecticides:" Jack Bland, and Fred Vandersloot, forwards; Merle Selecman, center; Harold DeMoss and Poe Ewing, guards.

Field goals, Selecman 6, Palfreyman 5, Vandersloot 3, Wagoner 2, Waitman 2, Williams 1, Bland 1, DeMoss 1. Free throws: Palfreyman 1, Vandersloot 1.

* * *

The "Cockroaches" are so anxious for another chance at their conquerors that it has been decided to stage a benefit game for the first Normal student who is called by the draft. A small admission fee will be charged and the receipts turned over to the beneficiary.

COMMUNICATION

North Detroit, Mich., May 26, 1917.

Editor Democrat-Forum:

I will tell you something of the city in which I live.

Detroit is growing very rapidly, the limits were extended two miles on the north last fall and about two and one-half miles on the east and northeast this April, which makes the city, from east to west, along the Detroit river, about fifteen miles and from the river north to the limits about nine miles, with a population of, estimated 850,000.

It probably seems queer to be north of the river and Canada, but at this place the Detroit river is running west, but turns south again near the west limits.

All main roads out of Detroit are paved with concrete and are electric lighted.

At present there is considerable activity at Mt. Clemens, which is located about twenty miles to the northeast, as the Government has acquired extensive property there and are making preparations for an aviation training field. Detroit and Mt. Clemens are connected by two interurban lines. The Government activity there has caused an increase both in the price and rental of property.

In Detroit the building of homes is always rushed, but still unable to supply the demand.

Yours truly,

J. L. Bosch.

HAWAIIAN MUSIC WILL FEATURE LAST DAY OF THE CHAUTAUQUA

Islanders of Royal Blood Will Sing and Play Plaintive Melodies of Their Land of Flowers and Sunshine

The closing program of the Chautauqua promises to be one of the most delightful of the entire week. The last night will be "Hawaiian Night" and will be featured by the music of the Royal Hawaiians and a beautiful illustrated lecture by Miss Mildred Leo Clemens.

Miss Clemens is a cousin of Mark Twain and she has inherited many of the literary traits that marked her distinguished cousin. Mark Twain visited the Hawaiian Islands just fifty years ago and the reading of his articles describing the wonders of this land of perpetual summer inspired Miss Clemens, nearly half a century later, to visit the islands and to secure material for her beautiful descriptive lecture on "Rambling Through Paradise."

HAWAIIAN MUSIC.

The plaintive, minor key melodies of Hawaii have had great popularity within the past few years and the whole world is whistling, singing and humming the native airs which have been introduced by representative island musicians. The Royal Hawaiians represent the highest ideals of the Hawaiian musicians. Their program is made up of native classics.

ROYAL IN LINEAGE.

As a race the Hawaiians are slowly disappearing. Much of their natural charm is being lost through the Americanization of the islands. This is particularly true of their music. The Royal Hawaiians are of pure lineage and because of their fidelity to tradition they have been called the "Aloha singers of a vanishing race."

"OVER THERE"

The Thrill and Hell of the Trenches Described by an American Boy

We have secured a series of six articles by Sergeant Alexander McClintock of Lexington, Ky., and the Canadian army. He has a gripping tale that every American will read, for he tells the facts, unadorned. Wounded, a Distinguished Conduct medal man, he was invalided home, but is going "Over There" again to fight for Uncle Sam and his allies.

Feb. 14, 1917.

Sergeant Alexander McClintock served in the Eighty-seventh Battalion Canadian Grenadier guards from September, 1915, until November, 1916, the last four months of that time at the front in France, where he gained the Distinguished Conduct medal by his devotion to duty and bravery under fire.

As his former commanding officer I can testify as to his good qualities, and I consider he would make a valuable officer.

(Signed) F. S. MEIGHEN,
Brigadier General, Commanding Canadian Training Division, Bramshott.

NO. 1.—In Training. How the men are finally brought to the firing line. A description of conditions that our own boys and their parents will read eagerly.

NO. 2.—The Bomb Raid. The great preparations and rehearsing for this attack. Volunteers for the job taken behind the line where the German trenches are exactly reproduced. The days of preparation. Heretofore unwritten detail of modern trench raids. This article concludes with the men going out to their job.

NO. 3.—"Over the Top and Give 'Em Hell." The English Tommy's battle cry as he breaks from his trench. The bomb raid and what happened. Of sixty that started forty-six failed to return because the Germans had prepared and mined the trench. Graphic description of Sergeant McClintock's terrible experience.

NO. 4.—Shifted to the Somme. Sergeant McClintock takes part in the greatest of all battles and tells of the hell of it. "The front in Belgium was really a rest sector in comparison with it," he says. The extensive preparations of the allies for open warfare afterward abandoned because of the failure of expected developments.

NO. 5.—Wounded in Action. This article describes the terrible fight, the dead and dying, the loss of a pal and the final falling of McClintock in No Man's Land. Simply told, it is one of the most remarkable descriptions of a battle by a participant ever put together.

NO. 6.—Decorated For Bravery; Home and Uncle Sam. This concluding article of the series relates in detail how England cares for the wounded. How the king and queen came to the bed of an American boy and decorated him in a London hospital for gallantry. Interesting, intimate and amusing incidents told by and of the wounded Tommies. Trying to fight for Uncle Sam.

We will print one article each week for six weeks. Watch for the first installment.

Slightly Paralyzed.

While spending the Fourth with relatives at Pickering, Charley Lincoln, of this city, suffered a light paralytic stroke affecting his left side and eyes, being almost blind for a short time. He was able to be brought home on the train that night and is now reported as getting better.—Hopkins Journal.

THE ENEMIES OF ROADS

Farmers Should Feel Personal Responsibility in Freeing Highways From Water and Weeds.

Columbia, Mo., July 13.—Every one knows that water is destructive of good roads. After rains, country roads are usually in bad condition, and then is the time for the farmer to "do his bit" and show his patriotism by repairing such damage and preventing further loss. This may be done in two ways: first, by opening up side ditches and connecting the ruts with these ditches so that showers will be properly carried off; second, by cutting the weeds and brush between fences to let the sunshine dry up the pools that do not drain. On clay roads a small amount of work expended in eliminating ruts at the time the road is beginning to dry up will place it in good condition.

Every farmer should feel a personal responsibility for the stretch of road in front of his farm, and should exert himself to do what he can to keep it in proper condition to travel. Weeds growing in the highway will scatter their seeds over his fields, and he cannot avoid responsibility for this neglect simply because they grew outside his fence lines.

SUPPLY SEED WHEAT

MISSOURI CROP WILL BE IMPORTANT IN 1918 CROP.

WILL EXAMINE HARVEST

Five Men are Now at Work Certifying Grain Which May be Used for Seed.

Missouri seed wheat will play a important part in producing the 1918 crop of winter wheat. The quality of Missouri wheat is generally good and the demand for it as seed this fall will likely be heavy in other states of the winter wheat belt. In view of this probable demand the University of Missouri College of Agriculture placed five men in the field to examine and certify wheat which might be used for seed. Certification was started in South Missouri just before the harvest. The men are working northward as the wheat ripens. The fields have been examined for purity of varieties, freedom from diseases and insects, freedom from weeds, general appearance and apparent yield and quality. Those fields which meet the qualifications for good seed will be listed so that when the demand comes from Missouri and other states for good seed the College of Agriculture will be able to notify prospective purchasers where they can obtain good seed.

Some sections of Missouri will be able to furnish carload lots of standard varieties of certified wheat. The College has attempted to find wheat around local points where shipping facilities are good. The wheat in Southwest Missouri especially in Jasper, Newton, Barry, Greene, Dade Barton, and Vernon counties was better than expected. This section of the state and the counties along the Western part of the Missouri river will be able to furnish a great deal of good seed. Up to July 7 the certification work had not been completed but it is probable that good seed will be found in other sections of the state. J. C. Hackleman says that there is a large acreage in the state which will run from 25 to 30 bushels to the acre. By the time the harvest is over wheat will have been certified in approximately half the counties of the state. Most of this wheat will have been examined while it was still standing. Some has been examined after it was cut and shocked.

In some communities, where wheat must be sold at threshing time, efforts will be made to induce the local elevator and mill men to buy the wheat and hold it for seed. The College of Agriculture at Columbia will be able to furnish a list of men from whom good seed can be obtained. In this way farmers who desire seed will be able to obtain it as close to home as possible and long freight hauls will thus be eliminated. The College will also assist the neighboring state councils of defense to find seed in Missouri.

HAWAIIAN MUSIC WILL FEATURE LAST DAY OF THE CHAUTAUQUA

Islanders of Royal Blood Will Sing and Play Plaintive Melodies of Their Land of Flowers and Sunshine

The closing program of the Chautauqua promises to be one of the most delightful of the entire week. The last night will be "Hawaiian Night" and will be featured by the music of the Royal Hawaiians and a beautiful illustrated lecture by Miss Mildred Leo Clemens.

Miss Clemens is a cousin of Mark Twain and she has inherited many of the literary traits that marked her distinguished cousin. Mark Twain visited the Hawaiian Islands just fifty years ago and the reading of his articles describing the wonders of this land of perpetual summer inspired Miss Clemens, nearly half a century later, to visit the islands and to secure material for her beautiful descriptive lecture on "Rambling Through Paradise."

HAWAIIAN MUSIC.

The plaintive, minor key melodies of Hawaii have had great popularity within the past few years and the whole world is whistling, singing and humming the native airs which have been introduced by representative island musicians. The Royal Hawaiians represent the highest ideals of the Hawaiian musicians. Their program is made up of native classics.

ROYAL IN LINEAGE.

As a race the Hawaiians are slowly disappearing. Much of their natural charm is being lost through the Americanization of the islands. This is particularly true of their music. The Royal Hawaiians are of pure lineage and because of their fidelity to tradition they have been called the "Aloha singers of a vanishing race."
